PROJECTS

QuizTime: https://quiztime.now.sh/
- QuizTime enables educators to create quizzes for students and send them out instantly QuizTime was built with a team of five.
- The Frontend was created with a Next.Js/React framework with Apollo.
- The Backend was built with Hasura, GraphQL, and Microservices.

Python Text Adventure: https://colorroom.netlify.com/
- Users will be able to choose their own adventure through a series of rooms.
- The Frontend was created with React, and React Native for the state management.
- The Backend was created with Python/Django.

EXPERIENCE

DIGITAL MEDIA INTERN
Valparaiso University | Center for the Arts | Aug 2017 - May 2018

-Collaborated with the three interns in a team setting.
- Worked on large scale projects for the campus Chorale, including an Instagram story that displayed to viewers the chorales journey to Germany.
- Created engaging digital signage for weekly musical performances that came to campus.
-Took initiative to learn Adobe AfterEffects on the job to create animated signage. Took time outside of work to gain experience in the software.

GRAPHIC DESIGN INTERN
Valparaiso University | Alumni Relations | Aug 2017 - May 2018

- Worked independently as the solo Graphic Designer on staff.
- Created a large scale campaign for Homecoming that included completing 15+ projects under a one month deadline.
- Worked on 8-12 projects a week all varying in size, including email attachments, alumni outreach forms, presentations, event-oriented projects, etc.
-Generated new Facebook content around 3-5 new graphics a week to engage the younger alumni demographic and boosted engagement for Alumni Relations department.

EDUCATION

VALPARAISO UNIVERSITY, MAY 2018

- Learned the basics of graphic design and through internships gained an advanced knowledge of the skill.
- Had several pieces awarded in student shows.

LAMBDA SCHOOL, FEB 2019

- Lambda School is a 6+ month Computer Science & Software Engineering Academy that provides an immersive hands-on curriculum with a focus on computer science, software engineering, and web development.
